- **Frontend:** React, HTML5, CSS, Material UI, Tailwind CSS, Daisy UI, Figma
- **DB:** Supabase
- **Tools:** Node.js, Git, GitHub

## PROJECTS

### DIGITEC: A FUND MONITORING SYSTEM FOR ECTEC CONTRIBUTIONS AND LOANS

Capstone Project 2025-2026 | Soft Backend | Database

**Techstack:** React JS, Supabase, Node.JS, Vite, Vercel

**GitHub Repo:** <https://github.com/FrancisPadero-GitHub/vite-digitec-js>

**Website Link:** [ectec-digitec.vercel.app](https://ectec-digitec.vercel.app)

### WEALTHWISE: A PERSONAL BUDGET TRACKER

Personal Project | Fullstack

**Techstack:** React JS, Supabase, Node.JS, Vite, Vercel

**GitHub Repo:** <https://github.com/FrancisPadero-GitHub/vite-wealthwise-final>

## PROFESSIONAL EXPERIENCE

### Sales Cashier / Technician / RMA officer

Hube Computer Store | 2022-2023

- Processed retail sales transactions accurately, handled cash and electronic payments, and provided product recommendations to customers.
- Diagnosed and performed basic troubleshooting on desktops, laptops, and peripheral devices, including software installation and hardware replacement.
- Managed RMA workflows by receiving defective items, documenting issues, coordinating with suppliers, and tracking repair or replacement status.
- Maintained inventory records, prepared service reports, and ensured compliance with store procedures for sales, repairs, and warranties.

### Field Sales Representative

Globe Telecom | 2018-2019

- Conducted field sales activities for residential internet services, including door to door customer engagement and on site product presentations.
- Explained ISP plans, pricing, and installation processes clearly to potential customers to drive new subscriptions.
- Collected and verified customer information, completed sales documentation, and coordinated with technical teams for service installation.
- Met or exceeded assigned sales targets through territory management, lead generation, and consistent follow up with prospects.

### Skills Gained

- Customer communication and service orientation
- Attention to detail and accuracy in transactions and documentation
- Problem solving through technical troubleshooting and warranty handling
- Time management and task prioritization in a fast paced retail environment
- Persuasive communication and negotiation
- Relationship building and customer trust development
- Adaptability and resilience in field based sales work
- Self management, goal orientation, and accountability for results
